SUBJECT

Approval of an Amendment to the Affiliation Agreement with the Regents of the University of California to add additional purchased services for Fiscal Year 2015-16, increase the maximum obligation of the Agreement by \$663,000, and make a finding that contracting for the provision of physician services can be performed more feasibly by contracting with the private sector.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and instruct the Mayor of the Board of Supervisors to execute Amendment No. 7 to Agreement No. H-702099 with the Regents of the University of California, on behalf of its Los Angeles Campus and Medical School (UCLA), for the provision of physician medical education and patient care services at Harbor-UCLA Medical Center (H-UCLA MC) and Olive View-UCLA Medical Center (OV-UCLA MC), effective July 1, 2015, to add additional purchased services and increase the number of County residents for the Emergency Medicine resident training program at H-UCLA MC, and increase the maximum obligation from \$28,781,000 to \$29,444,000 for the period beginning July 1, 2015 through June 30, 2016.

2. Make a finding as required by Los Angeles County Code section 2.121.420

www.dhs.lacounty.gov

that contracting for the provision of physician services (trainee and non-trainee) at H-UCLA MC and OV-UCLA MC, as described herein, can be performed more feasibly by contracting with the private sector.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the first recommendation will allow the Mayor to execute the Amendment (Exhibit I) with UCLA to continue the provision of physician medical education and patient care services at H-UCLA MC and OV-UCLA MC for Fiscal Year (FY) 2015-16; and provide the additional services described below.

H-UCLA MC

Preventative Medicine Fellowship Program. On June 4, 2014, the Board approved a joint effort between the Department of Public Health (DPH) and Department of Health Services (DHS or Department) to begin a two-year Preventative Medicine Fellowship Program at H-UCLA MC. Candidates who are recruited into the program have strong clinical skills, serve County patients in DHS clinics, and work closely with the leadership in these clinical areas to improve the quality and accessibility of patient care services. The preventative medicine partnership will provide DPH and DHS with an opportunity to develop a pipeline of future health system leaders who could ultimately remain with either department in a long-term role to serve and support County initiatives and programs.

Beginning in FY 2015-16, the fellowship program will include a physician enrolled in Year 1 of the two-year program, while another physician will be advanced to Year 2. The total number of Full-Time Equivalents (FTE) in Fiscal Year (FY) 2015-16 will increase from 2.0 to 3.0 FTEs, whereby there will be a small transition period for a third fellow to be hired in June 2016, a month prior to the commencement of the next fellowship period, to allow the outgoing Year 2 fellow who will be concluding the program, to adequately transition and provide some guidance to the fellow succeeding him or her.

The annual cost of the fellowship program will increase from \$150,000 to \$163,000 in FY 2015-16. The additional \$13,000 is needed to offset a \$7,000 increase in the housestaff salary of a fellow advancing to Year 2 of the program, and \$6,000 cost to recruit and hire a third fellow during the transition period in June 2016. The funding of the fellowship program is equally shared between DPH and DHS with the exception of the aforementioned early recruitment and hiring cost, which will be entirely funded by DHS.

Additional Purchased Services. H-UCLA MC currently employs full-time County physicians specializing in otolaryngology to diagnose, manage and treat County patients with Ear, Nose, and Throat (ENT) diseases and disorders, including cancers of the head and neck. Together, these specialists, who are also UCLA faculty members, provide coverage 24 hours/7 days a week, supervise otolaryngology residents during their rotations at H-UCLA MC, and split their time between H-UCLA MC and Ronald Reagan UCLA Medical Center.

H-UCLA MC has determined that it is no longer sustainable for a limited number of these specialists to consistently balance their expected 40 weekly hours while providing adequate resident supervision, ensuring around-the-clock clinical coverage, and splitting time between H-UCLA MC and UCLA Medical Center.. Consequently, the Department is proposing an alternative arrangement, whereby the UCLA Department of Otolaryngology will utilize its faculty physicians to provide coverage 24 hours/7 days a week and supervise otolaryngology residents at H-UCLA MC as opposed to utilizing County physicians to supervise residents.

The annual cost of the additional purchased services is \$650,000, and is budget neutral. Funding will be provided by the deletion of two County budgeted positions, whereby the incumbents of the impacted positions will be hired as University employees.

Emergency Medicine. The Board previously approved H-UCLA's Surgery/Emergency Replacement Project to increase the hospital's capacity and ensure continued compliance with the accrediting organizations. Among other things, this project includes an expansion of H-UCLA's Emergency Medicine residency training program by increasing the length of the program from three to four-years, which can accommodate up to 16 residents during each of the four years. DHS will add 1.0 FTE third-year resident for this program. Since such residents are County housestaff, there is no cost to the Affiliation Agreement.

OV-UCLA MC

For FY 2015-16, UCLA shall continue services at OV-UCLA MC at the same levels and costs incurred in FY 2014-15.

Approval of the second recommendation continues prior Board findings that contracting for the provision of physician services (trainee and non-trainee) under this Amendment at H-UCLA MC and OV-UCLA MC can still be performed more feasibly by contracting with the private sector.

Implementation of Strategic Plan Goals

The recommended actions support Goal 1, Operational Effectiveness/Fiscal Sustainability of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

The County's maximum obligation under the Affiliation Agreement will increase from \$28,781,000 to \$29,444,000 in FY 2015-16. H-UCLA MC's \$663,000 increase is funded by \$3,500 from DPH and \$659,500 from DHS. There is no increase for OV-UCLA MC. Funding for this Agreement will be requested in the DHS FY 2015-16 Final Changes Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

DHS entered into the current Agreement with UCLA effective July 1, 2006 through June 30, 2011, with automatic annual extensions, unless either party serves notice of non-renewal to the other party.

The recommended Amendment includes the changes in FTEs for County and University training programs, the specific volume, and cost of academic purchased services. A complete summary of the changes is shown on Attachments I and II.

On June 28, 2011, the Board made the finding as required by Los Angeles County Code section 2.121.420 that contracting for the provision of physician services (trainee and non-trainee) at H-UCLA MC and OV-UCLA MC can be performed more feasibly by contracting with the private sector.

CONTRACTING PROCESS

Given the nature and scope of the services provided by UCLA under the Agreement, as well as the historic relationship between the County and UCLA, the Department determined that it was not feasible to competitively bid this agreement.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The Agreement will continue the provision of clinical and academic services at H-UCLA MC and OV-UCLA MC.

ADDENDUM A-I.a-4

Purchased Services - Coastal Cluster (including Harbor)

Fiscal Year (FY) 2015-16

- A-I.1. General.** Payment for Purchased Services will be calculated based on a combination of fixed and variable payments, as set forth in § A-I.4. In no event shall the fixed or variable rates or the payment methodology under this Addendum A be revised more frequently than every twelve (12) months.
- A-I.2. Fixed and Variable Costs.** The Parties agree that payment for Purchased Services should reflect the following variable costs: (a) program directors, (b) faculty members, (c) faculty trauma surgery, otolaryngology, anesthesia and pediatrics augmentation, (d) faculty recruitment/retention augmentation (e) informatics and (f) radiologists. Pursuant to § 2.5.2.2, County shall also reimburse University for its cost for any University Housestaff assigned to Primary County Facilities. The following UCLA and County fixed costs (including salary and benefits where applicable), which will not vary within a given range of programs and Housestaff: (a) overall academic infrastructure, including graduate medical education fees, (b) Verinform/AmlOn, (c) University Representative, (d) University Graduate Medical Education Dean, and (e) University's administrative personnel.
- A-I.3. Volume of Purchased Services.** For FY 15-16, University shall provide Purchased Services as needed within the ranges or maximum set forth in this Addendum. In the event that County's needs fall outside of such ranges or maximum, the Parties may negotiate a different volume of services for specific line items; but as provided in § A-I.1, the fixed and variable rates set forth in § A-I.4 shall not vary during the course of the Contract Year.

Under §A-1.2, Faculty Members cost includes \$260,000 for faculty funded by the Department of Mental Health (DMH). The provision of these services beyond FY 15-16 is contingent upon continued funding provided by DMH. The County shall provide notice to the University at least 60 days prior to the start of any such Academic Year if there is a reduction or elimination of such DMH funding. The Parties agree that the provision of any such DMH-funded services shall not be subject to any DMH-specific documentation requirements

Under §A-1.2, the Public Health Preventative Medicine Fellowship is included that is jointly funded by the Department of Public Health and Department of Health Services. This two year training program consists of two fellows per year. Exhibit 1-I.a.4 includes two Year 1 and one Year 2 Preventative Medicine FTEs for FY 15-16 that will cost approximately \$163,000 . Effective FY 16-17 the estimated annual on-going cost will be \$314,000 for four Preventative Medicine FTEs.

- A-I.4 Fixed, Unit and Total Payments.** During FY 15-16, County shall compensate University as follows (prices are rounded to the nearest \$500).

ADDENDUM A-I.a-4

<u>Variable Costs</u>	<u>FY 14-15 Total Price</u>	<u>FY15-16 Total Price</u>

ADDENDUM A-II.a-4

Purchased Services - Valley Care Cluster (including Olive View)

Fiscal Year (FY) 2015-16

A-II.1 General. Payment for Purchased Services will be calculated based on a combination of fixed and variable payments, as set forth in § A-II.4. In no event shall the fixed or variable rates or the payment methodology under this Addendum A be revised more frequently than every twelve (12) months.

A-II.2 Fixed and Variable Costs. The Parties agree that payment for Purchased Services should reflect the following variable costs: (a) program directors, (b) faculty members, (c) hospitalists, and (d) faculty recruitment/retention augmentation. Pursuant to § 2.5.2.2, County shall also reimburse University for its cost for any University Housestaff assigned to Primary County Facilities. The following UCLA and County fixed costs (including salary and benefits where applicable), which will not vary within a given range of programs and Housestaff: (a) overall academic infrastructure, including graduate medical education fees, (b) Verinform/AmlOn, (c) University Representative, (d) University Graduate Medical Education Dean, and (e) University's administrative personnel.

A-II.3. Volume of Purchased Services. For FY 15-16, University shall provide Purchased Services as needed within the ranges or maximum set forth in this Addendum. In the event that County's needs fall outside of such ranges or maximum, the Parties may negotiate a different volume of services for specific line items.

Under Paragraph 1-II.1, Exhibit 1-II.a-4, § 1.II.1, six of the 18 psychiatry FTEs are fully funded by the Department of Mental Health for services to be provided at the DMH Olive View Urgent Care Center. Notwithstanding the above paragraph, the provision of these additional FTEs for any period beyond FY 15-16 shall be contingent upon continued funding by DMH. The County shall provide notice to the University at least 60 days prior to the start of any such Academic Year if there is any anticipated reduction or elimination of such DMH funding. The total number of FTEs to be provided shall then be reduced accordingly.
